## CFIS TORQUE BUSTER PENETRATING OIL

### PART # 251-000

#### Description:

Outstanding penetrant that loosens the toughest rust. Contains oily lubricants to assist in removal of nuts back off of threads. Penetrants creep between mating parts for faster and safer loosening. Foaming action minimizes run off and keeps more product working on the rusted part.

- Penetrates Rust and Corrosion
- Loosens Frozen Fasteners
- Displaces Moisture
- Removes Grease & Oil Build-Up
- Removes Rust and Corrosion
- Creeping Formula.

**ATTACKS RUST LIKE PEROXIDE ON A CUT**

DANGER EXTREMELY FLAMMABLE Size: 15.75 oz

## CFIS TORQUE EXTREME 2 PENETRATING OIL

### PART # 251-005

#### Description:

High performance penetrant formula. Intensive penetrating action quickly loosens frozen parts. Unique blend of special penetrating solvents give outstanding performance in the toughest applications. Disintegrates rust, loosens hard scale, corrosion & other binding elements to quickly free mating parts without damage. Displaces moisture, leaves a protective, lubricating anti-rust film. Lubricates power tools, hand tools, cranks, hinges, locking mechanisms, sewing machines, carburetor linkages, chain drives and tight fitting parts without disassembly.

- Cleans and Removes Rust, and Corrosion
- Loosens Frozen Fasteners
- Displaces Moisture
- Removes Grease & Oil Build-Up
- Prevents Rust and Corrosion

DANGER EXTREMELY FLAMMABLE

Size: 17 oz

# Aerosols

## CFIS BOLT BUSTER ADVANCED WITH PTFE

### PART # 251-010

#### **Description:**

High tech formulation of specific oils blended with micron-sized PTFE to provide exceptional long-lasting lubrication and penetration. Significantly decreases friction and distributes a wear-resistant film that lubricates moving parts. The initial foaming action allows for dwell time so it can creep into tight spaces. Penetrates rapidly to loosen frozen parts due to rust, wear or heavy grease buildup.

- 360° Valve
- Excellent Long-Lasting Lubrication
- Rapid Penetration
- Defends Against Corrosion
- Dissolves Grease
- Works in Broad Temperature Ranges

DANGER EXTREMELY FLAMMABLE Size: 15 oz

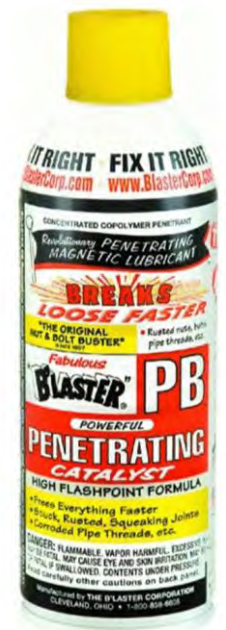

## PB BLASTER PENETRATING OIL

### PART # 251-040

#### **PB Blaster**

#### **Description:**

- Breaks Free Rusted or Frozen Parts
- Protects Against Further Rust and Corrosion
- Use on Automotive, Industrial, Marine, Plumbing and Other Equipment

DANGER EXTREMELY FLAMMABLE

Size: 11 oz

# Aerosols

## WD-40 PENETRATING OIL

### PART # 251-058

- Permanently attached Smart Straw
- Flip up for stream, down for spray
- Sprays 2 Ways
- Displaces moisture, it quickly dries out electrical systems to eliminate moisture-induced short circuits
- Thousands of uses
- Loosens rust-to-metal bonds and frees stuck, frozen or rusted metal parts
- Protects metal surfaces with corrosion-resistant ingredients to shield against moisture and other corrosive elements
- Lubricating ingredients are widely dispersed and hold firmly to all moving parts
- Non-aerosol formulas also dissolve adhesives, allowing easy removal of labels, tape, stickers, and excess bonding material
- Gets under grease, grime, and gunk

DANGER EXTREMELY FLAMMABLE

Size: 11 oz

## MASTER BRAND BRAKE CLEANER

### PART # 251-162

#### Brake And Parts Cleaner

#### Description:

- Powerful Solvent, Instantly Degreases,
- Removes Oils and Contaminants,
- Dissolves Tar, Asphalt, Resins, Brake Fluid,
- Leaves No Residue, Cleaner Degreaser.
- Low VOC Formula
- Non Chlorinated.

DANGER EXTREMELY FLAMMABLE

Size: 14 oz

# Aerosols

## JOHNSEN'S BRAND BRAKE CLEANER

### PART # 251-163

#### Brake And Parts Cleaner

#### Description:

Powerful Solvent, Instantly Degreases,

- Removes Oils and Contaminants,
- Dissolves Tar, Asphalt, Resins, Brake Fluid,
- Leaves No Residue, Cleaner Degreaser.
- Low VOC Formula
- Non Chlorinated.

DANGER EXTREMELY FLAMMABLE

Size: 14 oz

## PENRAY BRAKE CLEANER

### PART # 251-160

#### Brake And Parts Cleaner

#### Description:

- Superior Cleaning Power Extends Beyond Brakes
- Cleans and Degreases Brake Shoes, Drums, Cylinders, Rotors, Disc Brakes and Parts
- Allows Cleaning Without Disassembly
- Helps Stop Brake Squeaking and Can Improve Braking Performance
- Leaves No Residue and Is Non-Staining
- Non Chlorinated.

DANGER EXTREMELY FLAMMABLE

Size: 12.5 oz

# Aerosols

## **PENRAY BRAKE CLEANER**

### **PART # 251-159**

#### **Description:**

- Degreases instantly.
  - High-powered spray for fast cleaning.
  - Dries quickly and completely.
  
  - Non-chlorinated, non-carcinogenic, non-ozone depleting.
- MAG 1® Premium Non-Chlorinated Brake Parts Cleaner is specially formulated to quickly dissolve and remove brake fluid, oil, grease, and other contaminants from brake linings, drums and other brake parts. Cuts job time by evaporating quickly. Won't contaminate recyclable fluids. Can be used without disassembling the brake unit.

**DANGER EXTREMELY FLAMMABLE**

**Size: 14 oz**

## **BRAKE CLEANER 5-GALLON**

### **PART # 251-165**

#### **Johnson Non-Chlorinated Brake Cleaner**

#### **Description:**

- Powerful Solvent, Instantly Degreases
- Removes Oils and Contaminants
- Dissolves Tar, Asphalt, Resins, Brake Fluid
- Leaves No Residue, Cleaner Degreaser
- Low VOC Formula
- Non-Chlorinated

**DANGER EXTREMELY FLAMMABLE**

**Size: 5 gal**

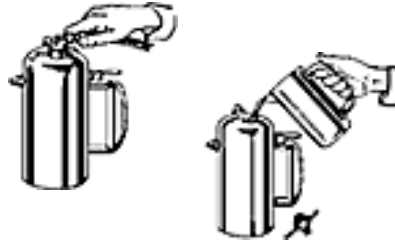

# Aerosols

## The SURE SHOT A1000G ATOMIZER SPRAYER

(Green) is an economical way to apply bulk chemicals like cleaners, degreasers, penetrating oils, solvents and lubricants. Instead of flammable and/or dangerous propellants, it uses readily available compressed air. This unit is reusable, so you don't have to worry about disposal of empty cans.

### Features:

- Steel construction with brass nozzles and corrosion resistant working parts
- Can be used with bulk oil and solvent based materials
- General purpose adjust between a pin stream nozzle to a mist for multi-purpose use
- Completely refillable and rechargeable, and capable of pressurizing up to 200 PSI of air
- Powder-coated finish for durability
- 32 oz. liquid capacity

## CFIS CITRUS HEAVY-DUTY DEGREASER

### PART # 251-300

#### Heavy-Duty Citrus Degreaser

#### Description:

Heavy-duty degreaser that uses natural citrus. This versatile product can be used to remove grease, oil, gaskets, protective coatings, and much more. Contains a citrus fragrance and rinses with water.

#### Features:

- Degreases and Deodorizes
- Uses Natural Citrus
- Emulsifies in Water
- No Ozone-Damaging CFC's

EXTREME  
CITRUS CLEANING  
Power

NATURAL CITRUS

Size: 15 oz

## CFIS FAST DRYING SOLVENT CLEANER

### PART # 251-225

#### CFIS Fast Drying Solvent Cleaner

#### Description:

An advanced formula that efficiently and thoroughly removes oil, grease, lubricants, dirt, tar, and sludge as well as other contaminants. Dries fast and leaves no residue. Contains no chlorinated solvents that could contaminate waste oil. Non-corrosive to metals. It can also be used on de-energized circuit boards and electric motors, molds and machinery parts.

#### Features:

- Plastic-Safe
- Cleans Instantly and Evaporates Fast
- Non-Chlorinated
- Leaves No Residue

DANGER EXTREMELY FLAMMABLE

Size: 15 oz

# Aerosols

## ZENCIRCUIT CONTACT CLEANER

### PART # 251-230

#### ZenCircuit Contact Cleaner

##### Description:

- A purified cleaning solvent effective on most electrical equipment, telephone and communication equipment, TV components, connectors, relays, rheostats and more. Its non-flammable formula is superior to conventional contact cleaners in especially close quarters.
- **Always test on comparable material prior to use.**

##### Features:

- Non-Flammable per ASTM D3065-77 Flame Extension Test
- High Dielectric Strength
- No Residue
- Fast Drying

NON-FLAMMABLE

Size: 13 oz

## ZENLEKTRIX CONTACT CLEANER

### PART # 251-232

#### Electrical Contact Cleaner

##### Description:

Will not harm most rubber, metal, plastics, paint or wire insulation like other chlorinated solvents.

Three-way action; cleans, restores, protects.

##### Features:

- Flammable
- High Dielectric Strength
- No Residue
- Fast Drying

FLAMMABLE

Size: 11 oz

## MARKONEX GEL GRAFFITI REMOVER

### PART # 251-240

#### Gel Graffiti Remover

#### Description:

Clinging gel stays put on vertical surfaces. Remove lipstick, ballpoint marker and printing inks, spray paints, adhesives and crayon from most porous and non-porous surfaces. Test on an inconspicuous area prior to use for color-fastness.

#### Features:

- Removes Ink and Permanent Marker
- Clinging Formula
- Water Rinseable
- Removes Spray Paint and Gaskets

WATER RINSEABLE

Size: 14 oz

## CFIS GLASS BLASTER

### PART # 251-260

#### Premium Non-Ammoniated Glass Cleaner

#### Description:

Thick foam cleaner lifts away the toughest soils. Ideal for use on windows, mirrors, windshields, and showcases.

#### Features:

- Foam On-Wipe Dry
- Cleans, Restores, Shines
- "Fresh" Fragrance
- Completely Streak-proof
- Safe on Tinted Windows

## CFIS CLEAR PENETRATING GREASE

### PART # 251-455

#### PTFE Penetrating Gel Lubricant

#### Description:

A premium lubricant with high adhesion strength. Stays put to provide excellent lubrication on hinges, latches, open gears, wire ropes, cables, chains, conveyors and much more. Withstands extreme pressure. Easily dispensed spray penetrates tight areas by initially going on thin and immediately forming a viscous film.

#### Features:

- Withstands Extreme Pressure
- High Adhesion Strength
- VOC Compliant in All States
- Prevents Rust and Corrosion
- Spray Anyway 360° Valve
- Temperature range works from -30° F to +600°F

DANGER EXTREMELY FLAMMABLE

Size: 13 oz

## CFIS RED HEAVY DUTY PENETRATING GREASE

### PART # 251-460

#### Professional Red Grease Lubricant

#### Description:

Advanced formula safely provides lubrication and protection. Use on bearings, motor shafts, roller chains, hitches, bearing surfaces, cables, pulleys, hinges, rollers, cams, couplings, bushings and more.

#### Features:

- Sets Up as a Thick Grease
- Superior Long Life
- Resists Water Washout
- Red Color Formula

DANGER EXTREMELY FLAMMABLE

Size: 11 oz

# Aerosols

## CFIS CHAIN AND CABLE LUBRICANT

### PART # 251-500

#### Chain & Cable Lubricant

#### Description:

This product foams to evenly coat roller chain, wipe rope and cable. The Lubricant then dissolves to penetrate the wearable surfaces. Withstands extreme temperature and pressure.

#### Features:

- Contains "Moly"
- Forms Protective Barrier
- Thick Clinging Foam
- Temperature Range Works from 10°F to 500°F

Formulated  
with  
MOLY

DANGER EXTREMELY FLAMMABLE

Size: 16 oz

## HEAVY DUTY OPEN GEAR LUBE

### PART # 251-480

#### Long Life Open Gear Lubricant

#### Description:

Excellent long-life formula, effective even underwater conditions. The adhesives of this product continuously recoats and lubricates all gear surfaces. Use on chains, cables, hoists, gears, pinions, sheaves, drag lines, cranes, elevators and more.

#### Features:

- Clinging Tacky Formula
- Water resistant
- Lubricates and Protects
- Temperature range works from 30°F to 600° F
- Excellent 5th Wheel Grease

DANGER EXTREMELY FLAMMABLE

Size: 14 oz

# Antiseize

## CFIS ANTISEIZE COPPER SPRAY

### PART # 251-700

#### Premium Grade Anti-Seize & Lubricant

#### Description:

•A corrosion resistant lubricant that aids in the assembly and disassembly of mating parts that are subjected to extreme heat, pressure and corrosion. Reduces wear and friction, eliminates galling & seizure up to 750F (399C), and stops galvanic pitting. Will not wash, scrape or burn off. Spray in any position with the all-position valve. An extension tube is furnished as well for pinpoint application. Excellent for marine applications or where salt water corrosion could be a problem.

#### Features:

Lubricates, Protects, Seals Excellent Adhesion

Copper Fortified Clinging Formula

Temperature range works up to 2000° F

DANGER EXTREMELY FLAMMABLE

Size: 15 oz

## CFIS COPPER ANTISEIZE

#### Premium Grade Copper Anti-Seize & Lubricant

Top-quality anti-seize compound composed of pure copper and graphite in a high-heat-resistant carrier. It is designed to lubricate and protect threaded connections and flanges at temperatures to 1800°F (982°C) and under extreme load pressure conditions. Cop-Graf has water-resistant and anti-oxidant properties, does not separate and is formulated to withstand lengthy service and serve conditions. Stress, strain, and time to disassemble are greatly diminished. Meets the performance requirements of MIL-PRF-907F specifications.

**Applications :** All nuts and bolts, bushings, centers, cam rollers, conveyors, couplings, dies, drills, fittings, flanges, gears, keyways, motors, press fits, pumps, shafts, sleeves, slides, spark plugs, taps, valves, wristpins, and more. They are used in steel mills, foundries, oil refineries, chemical plants, construction and farm equipment, autos, trucks (fleet maintenance), electric power and other utilities, oil drilling, mining, diesel and gasoline engines, marine motors, shipyards, paper mills, and machine shops.

Size: 16 oz

260-011	8 oz	Ea
260-012	16 oz	Ea

# Antiseize

## CFIS ANTISEIZE SPECIAL

### Premium Grade Special Blend Anti-Seize & Lubricant

**Anti-Seize™ Special** is a superior-grade assembly compound and high-pressure lubricant. This aluminum, copper, and graphite based anti-seize formula has unique particle shapes suspended in a special carrier. It protects metal parts under extreme heat, pressure, and contaminating conditions to 2000°F (1095°C). Anti-Seize Special is designed with ultra fine metallic and graphite particles enhancing a longer lasting protective film, resisting washout and burn-off. Meets the performance requirements of MIL-PRF-907F specifications.

#### Features and Benefits:

- Protect against rust and corrosion
- Reduce friction
- Speed assembly and disassembly
- Resist seizing, galling, and cold welding
- Retards galvanic action between dissimilar metals
- Resists saltwater corrosion
- Compatible with all types of metals and most plastics
- Non-hardening and non-dripping

Part #	Item	Qt
260-008	8 oz	Ea
260-010	16 oz	Ea

**Applications:** All nuts and bolts, bushings, centers, cam rollers, conveyors, couplings, dies, drills, fittings, flanges, gears, keyways, motors, press fits, pumps, shafts, sleeves, slides, spark plugs, taps, valves, wristpins, and more. They are used in steel mills, foundries, oil refineries, chemical plants, construction and farm equipment, autos, trucks (fleet maintenance), electric power and other utilities, oil drilling, mining, diesel and gasoline engines, marine motors, shipyards, paper mills, and machine shops.

## CERAMIC BRAKE LUBE HIGH-TEMP LUBRICANT

### PART # 260-023

- A 100% synthetic formula, coupled with real ceramic solids make this premium brake lubricant our longest lasting, most temperature resistant way to silence brake noise.
- Effective from -65°F to 3000°F (-54°C to 1649°C), this product maintains its lubricating integrity under the most extreme conditions.
- Resistant to corrosion and contaminants, it will not wash out. For metal-to-metal contact only.

Size: 8 oz

# Aerosols

## DRY MOLY LUBRICANT

### PART # 251-550

#### High Temp Dry Moly Lubricant

#### Description:

Non-corrosive, adheres to most materials, repels dust and dirt, and greatly increases operating efficiency.

Resistant to water, alkalis, and most acids.

Extends the life of parts, thus reducing maintenance costs.

#### Features:

- Fast Dry
- Strong Bond
- Oil Free

DANGER EXTREMELY FLAMMABLE

Size: 14 oz

## SILICONE INDUSTRIAL LUBRICANT

### PART # 251-520

#### Silconex Industrial Silicone Lubricant

#### Description:

Eliminates "Hang-up" in molding, casting and stamping dies.

Stops sticking of drawers, windows, doors, zippers, locks, etc.

Eliminates squeaks in hinges, springs etc. Retards corrosion.

Waterproofs ignitions and spark plugs. Prevents grass and dirt from sticking to lawn mowers. Not affected by water, oil or solvents.

#### Features:

- Retards Rust and Corrosion
- Odorless and Colorless, Prevents Sticking
- Temperature Range Works -58F to +600F
- Spray Anyway 360 Valve

DANGER EXTREMELY FLAMMABLE

Size: 9.75 oz

## WHITE LITHIUM LUBRICANT

### PART # 251-540

#### ZenaLube White Lithium

#### Description:

A multipurpose grease for use on fittings, pumps, u-joints, wheel bearings, hinges, latches and more.

Use on all types of automotive, truck, farm and heavy industrial equipment.

#### Features:

- Multipurpose Grease
- High Stability
- High Load Carrying
- Heat Resistant to +350 F

CONTENTS UNDER PRESSURE

Size: 12 oz

## MASTER PREMIUM STARTING FLUID

### PART # 251-400

#### Starting Fluid Professional Formula

#### Description:

- Premium Starting Fluid
- Twice The Starting Power
- 50% Ether Blend Formulated to help start stubborn engines fast in cold weather and to save batteries
- Also contains upper cylinder lubricant
- For use with gas and diesel engines

DANGER EXTREMELY FLAMMABLE

Size: 11 oz

## MASTER CARB AND CHOKE CLEANER

### PART # 251-180

#### Carb And Choke Cleaner

##### Description:

Multi-solvent formula provides intensive cleaning action to quickly remove carbon, gum, varnish, sludge and other contaminants.

- Hi-power delivery system provides extra cleaning action to break up and flush away contaminants; outperforms ordinary delivery systems.
- Cleans carburetors and automatic chokes.
- Penetrates and loosens sticking manifold heat controls.
- Cleans PCV valves.
- Oxygen sensor safe contains no lead, silicone or phosphorus.
- Extra clean burning formula prevents internal engine build-ups.

DANGER EXTREMELY FLAMMABLE

Size: 16.25 oz

## METAL PARTS PROTECTOR

### PART # 251-340

#### ZenaMetal Metal Parts Protector

##### Description:

Seals out moisture and will not peel off with age. Protects against salt spray, rust and corrosion. Contains a unique amber flex dust that will expand and contract with all metal surfaces uniformly.

##### Features:

- Provides Indoor and Outdoor Protection
- Flexible Protective Film
- Will Not Crack, Peel or Chip
- Heavy Coat, Long Term Rust and Corrosion Protector
- Protects for Up To 2 Years, Sets up in 2 to 3 Hours

CONTENTS UNDER PRESSURE

Size: 15 oz

# Aerosols

## BATTERY CLEANER WITH INDICATOR

### PART # 251-360

#### E403 Battery Cleaner

- The E403 Remove Battery Cleaner instantly neutralizes, dissolves, and removes battery corrosion from battery terminals, cables, hold-downs, battery boxes and more
- It is formulated to assure maximum current flow and reduce potential voltage leakage. It comes packaged in a 14-ounce aerosol can
- Instantly neutralizes, dissolves and removes battery corrosion
- Ideal for battery terminals, cables, hold-downs and boxes
- Restores maximum current flow
- Reduces potential voltage leakage

CONTENTS UNDER PRESSURE

Size: 14 oz

## BATTERY PROTECTOR SPRAY

### PART # 251-380

#### A202 Battery Corrosion Preventative

Formulated to make all surfaces impenetrable to corrosion-causing acid fumes, which reduce battery life and cranking ability. It is suitable for battery terminals, cables, hold-downs, enclosures, boxes and carriers. It does not dry or evaporate and is guaranteed for the life of your battery.

Stops battery corrosion for the life of your battery

Oil-based formula that does not dry or evaporate

Eliminates battery corrosion

Environmentally safe and resistant

to reversion, moisture

shock and vibration

## **RED INSULATING VARNISH**

### **PART # 251-390**

**Red Insulating Varnish**, is an excellent coating to protect electrical equipment as it strongly adheres to metal and insulating components.

**Features and Benefits:**

- Protects against corrosion and moisture
- High arc-resistance
- Dries quickly to a tough, glossy and flexible film
- Resists acids, oil, alkalies, and heat
- Dielectric strength of 1700 Volts/Mil
- Seals, readily sheds dirt
- Aerosol is CFC Free

**Application:** Protective coating for electrical equipment, sealing and insulating electrical and electronic components, motor windings, commutator ends, armatures, field coils, switchboard parts, bus bars, frayed insulation, and other exposed metal parts.

•Effective as a finished coat or primer.

## RUST / CORROSION CONVERTER

### PART # 295-325

#### Anti-Rust, Rust / Converter

#### Description:

Chemically neutralizes rust and converts the rust to a black protective finish.

Seals, prolongs, and protects the life of ferrous metal. Eliminates the need for brushing, sandblasting, or scraping before painting rusted surfaces.

May be painted over without further surface preparation.

#### Features:

- Stops Corrosion
- Eliminates Rust and Prevents Future Rusting
- Seals and Converts Rusted Surface into Paintable Area
- Seymour's Big Rig Rust Converter can be applied to any iron or steel surface to penetrate rust and turn it into a protective black coating. This protective coating will be resistant to moisture and prevents rust growth. Just remove any loose rust, then apply it like a primer to rusted surfaces. Greatly reduces time spent wire brushing and sanding. Durable and tough, it can be left as is, but is also compatible with most top coats.

## RUBBERIZED UNDERCOATING

### PART # 251-583

#### Professional Rubberized Undercoating

##### Description:

- Autobody undercoatings for application to under carriage for rust protection and sound deadening
- Seals out water, fumes, road chemicals and dust
- Not effected by heat or cold
- VOC Compliant
- Seymour products do not contain lead, cadmium, mercury, chromates or chlorinated solvents

DANGER EXTREMELY FLAMMABLE

Size: 18 oz

## RUBBERIZED UNDERCOATING

### PART # 251-582

#### Professional Rubberized Undercoating

##### Description:

Corrosion inhibiting formula seals out moisture, deadens sound and will NOT peel off. Applications include gutter sealer, concrete, tree wound sealer, asphalt crack filler and more.

##### Features:

- Paintable
- Prevents Rust
- Lays Down Smooth With A Black Finish
- Deadens Sound
- Waterproof, Elastic
- Will Not Crack
- Deadens Sound

## CUTTING AND TAPPING SPRAY

### PART # 251-420

Cutting and Tapping Compound

**Description:** Clings to all cutting tools, preventing waste and over spraying. Combines synthetic and natural lubricants for maximum high-pressure lubrication, which will increase the cutting rate without overheating.

**Features:**

- Sawing
- Cutting
- Boring
- Grinding
- Taping
- Machining
- Punching

Size: 14 oz

## TOOL COOLANT

### PART # 252-060

ZenaCool Tool Coolant

**Description:**

A blend of fast acting coolants extends the life of drill bits, taps, mills and reamers.

Quickly eliminates heat at its source to insure clean and smooth cuts. Cools without lubricants that might burn and decompose.

**Features:**

- Non-Flammable
- Reduces Tool Temperature
- Extends Tool Life
- No Sticky Residue

## **ZENATIZE DISINFECTANT**

### **PART # 299-710**

**DESCRIPTION** Ready to use, broad-spectrum, anti-microbial agent in one step disinfecting/ deodorizing spray.

**FEATURES AND BENEFITS** Prevents mold and mildew. Disinfects and deodorizes surfaces through effective bacterial and fungicidal activity. Kills HIV-1 on pre-cleaned surfaces. Kills Staphylococcus aureus (Staph), Streptococcus hemolyticus (Strep), Pseudomonas aeruginosa, MethicillinResistant Staphylococcus aureus (MRSA), Mycobacterium bovis (BCG), Salmonella enterica, Trichophyton mentagrophytes (athlete's foot fungus), Vancomycin-Resistant Enterococcus faecalis (VRE), Influenza A Virus, Influenza B Virus, Swine Influenza A Virus Strain (H1N1) and Influenza A Virus Strain Hong Kong on hard, non-porous environmental surfaces. Kills 99.9% of germs. Tuberculocidal, Pseudomonacidal and Germicidal-Fungicidal. Kills household germs. Antibacterial. Deodorizes by disinfecting.

20 oz. Aerosol Net Weight 15 oz.

## **ZENATIZE FOAMING COUNTRY DISINFECTANT CLEANER**

### **PART # 299-712**

**DESCRIPTION** Hospital-level, germicidal spray-and-wipe cleaner and surface deodorant.

**FEATURES AND BENEFITS** Virucidal, Bactericidal, Fungicidal. Controls mold and mildew. Broad spectrum quaternary formula kills HIV-1 (AIDS virus) and disinfects 10 major organisms including Herpes Simplex Types 1 and 2. and Influenza viruses. Deodorizes as it cleans and requires no rinsing. Disinfects. Antimicrobial.

**APPLICATIONS AND USES** Penetrating foam dissolves and lifts away soils, debris, body oils, grease, grime and stains. Removes rings and discoloration without harmful abrasives. Safe on most hard, non-porous, inanimate surfaces in health care, institutional, public care, and other facilities.

20 oz. Aerosol Net Weight 18.25 oz.

# Hand Cleaner

## PART # 299-220

### **Top Dispensing Foam & Lotion Soap Dispensers**

Unlike other bulk fill soap dispensers, **Top PerFOAMer** dispensers dispense soap from the top, not the bottom.

This simple change in design allows us to guarantee that our dispensers will not leak.

The ADA compliant units offer a unique locking system and replaceable pumps.

The replaceable pumps allow the units to be easily converted from lotion to foam or vice versa.

# Hand Cleaner

## **MANGO SELECT FOAMING ANTIBACTERIAL SKIN CLEANSER**

### **PART # 299-248**

High-Foaming antimicrobial and antibacterial soap with chloroxylenol, effective against E.Coli, Staphylococcus Aureus, and Serratia Marcescens.

#### Advantages:

High foaming, Produces rich lather for an enjoyable and pleasant washing experience.

Balanced ph. Breaks down dirt and oil without drying the skin.

Contains Lanolin and Aloe Vera to ensure mildness, even with frequent hand washings.

Pleasant tropical mango scent leaves hands smelling fresh and clean.

Directions: Wet Hands and forearms, Apply palm full to hands and forearms, Scrub thoroughly for 1 minute then rinse. 18 oz

## **FOAM FRESH ANTIBACTERIAL HAND WASH**

### **PART # 299-244**

#### **FoamFresh Antibacterial Hand Wash**

Ideal for use where bacteria reduction is a concern.

FoamFresh Antibacterial Hand Wash is a high quality foam soap formulated with moisturizers and conditioners.

It has a pleasant cucumber-melon fragrance.

Active Ingredient: PCMX 0.25%.

8.5 oz

# Hand Cleaner

## TUB-O-SCRUB HAND CLEANER

### PART # 299-230

Unique biodegradable formula removes grease, oil and tough grime without water. Walnut shell formula will NOT block drains or septic tank systems. Contains NO petroleum distillates that can be harmful to water and septic tanks and a skin irritant. Easily removed from hands. Lanolin, aloe Vera and vitamin E among other emollients that leave hands soft and moisturized after use.

- Heavy-duty
- Unique biodegradable formula
- Walnut shell formula will NOT block drains or septic tank systems
- Other formulas contain low-cost pumice that can clog drains or septic systems

- Walnut shells completely sanitized & safe for use
- Lanolin, aloe vera and vitamin E among other emollients that leave hands soft and moisturized after use.

SIZE: 18 oz

## **CFIS CHERRY SCRUB**

### **PART # 299-280**

Solvent-free cherry scented has tiny scrubbers that dig deep to remove tough soils without irritation. Contains a mild surfactant blend to emulsify stubborn soils. Synthetic detergents produce a rich lather to carry away the worst of soils. Rinses freely without leaving a soapy film on the hands.

Size: 1 gal

## **CFIS KRYSTAL SCRUB**

### **PART # 299-285**

Premium heavy-duty industrial strength. Enriched with skin conditioners, solvents, and detergents to remove stubborn industrial soils. Contains micro scrubbers and pumice.

Size: 1 gal

## **CFIS BLUE SCRUB**

### **PART # 299-275**

Heavy duty, solvent-free. Will not dry, crack, whiten, or harm sensitive skin. Contains micro scrubbers to remove the toughest soils.

Size: 1 gal

# Hand Cleaner

## **CITRUS SELECT**

### **PART # 299-295**

#### *Select Care™ Industrial Hand Cleaner*

Formulated with soy ingredients, d-limonene and walnut shell scrubbers to quickly cut through the heaviest greases and oils, while not drying the skin. Also includes skin conditioning ingredients to keep hands from drying and cracking. Fresh citrus scent.

Size: 4 liter

## **SOY SELECT**

### **PART # 299-298**

#### *Select Care™ Industrial Hand Cleaner*

Formulated with soy ingredients and walnut shell scrubbers to quickly cut through the heaviest greases and oils, while not drying the skin. Enriched with skin softening ingredients and aloe to prevent hands from drying out, keeping the hands soft.

Size: 4 liter

## RIGHT STUFF GASKET MAKER

### PART # 289-024

#### Permatex® the Right Stuff® 1 Minute Gasket™ Maker

Just torque and go!

The long-lasting, black elastomeric formed-in-place rubber gaskets can be custom fit to any shape or size.

Ideal for all **non-fuel** sealing applications,

1 Minute Gasket™ is superior to most OE gaskets and fleet-tested to be leak-free in more than 5 million miles of heavy commercial use.

Protects against leaks caused by vibration and thermal expansion.

Temperature range -75°F to 450°F (-59°C to 232°C) continuous, 500°F (260°C) intermittent; resists ATF, coolant, oil and other shop fluids. Sensor-safe. Permatex # 25224

Size: 7 oz

Seals instantly, forming a reliable, long lasting elastomeric rubber gasket;

Eliminates the need for pre-formed, pre-cut, paper, rubber or cork gaskets

Blowout resistant, allowing leakproof gaskets to be made in just one minute

Protects against leaks and seepage caused by vibration and thermal expansion

Formulated to meet or exceed performance standards for long-term sealability, durability and handling;

This material is used on OEM production lines and specified in their service parts programs

Temperature Range: -75°F to 450°F (-59°C to 232°C) continuous, 500°F (260°C) intermittent

Suggested Applications: Automotive, heavy duty, and marine gaskets, valve covers, gearbox covers, pumps, oil pans, thermostat housings, water pumps

Flash point: 93.8889 degrees\_celsius

## ULTRA GRAY GASKET MAKER

### PART # 289-048

#### PERMATEX® ULTRA GREY® RIGID HIGH-TORQUE RTV SILICONE GASKET MAKER

OEM specified. Permatex® Ultra silicones were developed to meet technology changes.

Sensor-safe, low odor, noncorrosive. Outstanding oil resistance and joint movement tolerance.

Eight times more flexible than cork/composite gaskets; three times more oil resistant than conventional silicones.

Temperature range -65°F to 500°F (-54°C to 260°C) intermittent; resists auto and shop fluids and vibration. Permatex 85084

Size: 9 oz

## ULTRA POWER BEAD BLACK GASKET MAKER

### PART # 289-040

#### PERMATEX® ULTRA BLACK® MAXIMUM OIL RESISTANCE RTV SILICONE GASKET MAKER

OEM specified. For dealership warranty requirements, Ultra Black® ensures extended drivetrain warranty compliance. Fast-curing formula.

Sensor-safe, low odor, noncorrosive. Meets performance specs of OE silicone gaskets. Retains high flexibility, oil resistant properties through use of a patented adhesion system.

Temperature range -65°F to 500°F (-54°C to 260°C) intermittent; resists auto and shop fluids and vibration. Permatex 85080

## ULTRA COPPER SILICONE GASKET MAKER

### PART # 290-228

#### ULTRA COPPER® MAXIMUM TEMPERATURE RTV SILICONE GASKET MAKER

OEM specified. For high operating temperatures common in 4-cylinder, turbocharged or high-performance engines.

The most advanced, high temp RTV silicone gasket available. Sensor-safe, low odor, noncorrosive. Superior adhesion. Three times more oil resistant than conventional silicones; eight times more flexible than cut gaskets. Temperature range -65°F to 700°F (-54°C to 371°C) intermittent; resists auto and shop fluids and vibration.

Size: 3 oz

# Silicone

## RED HIGH TEMP GASKET MAKER

### PART # 289-011

#### RED HIGH TEMP RTV "OXIME FORMULA"

- Superior sealing with leakproof gaskets.
- Precise fingertip bead control.
- Perfect gaskets every time without gaps, lumps or air bubbles.
- Will not dry up in the can.
- Provides more gasket material, less waste.
- OXYGEN SENSOR SAFE.
- Constant operating temperature 500°F.
- Temperature range -80°F to 650°F
- Formulated to withstand the highest operating temperatures.
- For use on all late model vehicles with elevated under hood temperatures.
- Exhaust manifolds, cam covers, thermostat housings, water pumps.
- 100% Silicone.
- Electronically Non-Conductive. Not Paintable.
- Available 3" Extension Nozzle (80-800) for pressurized cans. Provides even better control when forming gaskets and allows producing various diameters.

Size: 8 oz

Part #	Desc
290-221	3 oz

## BLACK SILICONE GASKET MAKER

### PART # 289-012

#### BLACK SILICONE RTV "OXIME FORMULA"

- Superior sealing with leakproof gaskets.
- Precise fingertip bead control.
- Perfect gaskets every time without gaps, lumps or air bubbles.
- Will not dry up in the can.
- Provides more gasket material, less waste.
- OXYGEN SENSOR SAFE.
- Operating temperatures to 450°F.
- Temperature range -80°F to 400°F
- Makes leakproof gaskets for engine, drivetrain & related components.
- Meets OEM Spec. 9985443 for superior hot oil & ethylene glycol resistance.
- Differential housing covers, timing gear covers, valve covers.
- 100% Silicone.
- Electronically Non-Conductive.
- Not Paintable.
- Available 3" Extension Nozzle (80-800) for pressurized cans. Provides even better control when forming gaskets and allows producing various diameters.

## CLEAR SILICONE GASKET MAKER

### PART # 289-013

#### CLEAR SILICONE RTV “OXIME FORMULA”

- Superior sealing with leakproof gaskets.
- Precise fingertip bead control.
- Perfect gaskets every time without gaps, lumps or air bubbles.
- Will not dry up in the can.
- Provides more gasket material, less waste.
- Permanently flexible from -60° to 450°F.
- Forms gaskets, bonds and seals, insulates.
- Cures to a tough, flexible, waterproof & weatherproof seal.
- Adheres to glass, wood, metal, porcelain, ceramics, painted surfaces, plastic & rubber for a variety of adhesive and sealing needs.
- 100% Silicone.
- Electronically Non-Conductive.
- Not Paintable.
- Available 3” Extension Nozzle (80-800) for pressurized cans. Provides even better control when forming gaskets and allows producing various diameters.

## **SCHOOL BUS YELLOW SILICONE GASKET MAKER**

**PART # 289-015**

### **SCHOOL BUS YELLOW SILICONE RTV FORMULA**

Our Yellow RTV adhesive is break-through in pressurized packaging that has a wide variety of sealing and bonding uses. It will adhere to a number of surfaces; including metal, wood, glass, porcelain, plastic, painted surfaces, ceramics and rubber. Available in 10.3 oz tubes or 8 oz pressurized containers. DO NOT use for head gaskets. Please also note that this sealant is not paintable. If painting is required, complete before using this product. This product is not suitable for below waterline marine applications.

Size: 8 oz

# Silicone

## **PART # 290-240** **518 ANAEROBIC GASKET MAKER**

Assures optimum leak-free, tight-fit performance in rigid, precision machined assemblies.  
Fills surface imperfections and small gaps in tight tolerance use.

OEM approved - Use where "anaerobic" gasket is specified.

Flexes with flanges - provides maximum seal durability.

Temperature range -65°F to 300°F.

COMPARE TO LOCKTITE 518

Size: 1.69 oz

## **PART # 290-220** **BLUE SILICONE GASKET MAKER**

OEM specified. The original Permatex Blue now with low odor formula.

Will not foul oxygen sensors. Replaces almost any cut gasket. Makes reliable "formed-in-place" gaskets that resist cracking, shrinking and migrating. Coats pre-cut gaskets to increase reliability. Temperature range -65°F to 500°F (-54°C to 260°C) intermittent; resists auto and shop fluids.

Size: 3 oz

## **PART # 290-216** **PERMATEX® FORM-A-GASKET® NO. 2 SEALANT**

Slow-drying, non-hardening sealant approved for use in aviation as well as automotive applications. Temperature range -65°F to 400°F (-54°C to 204°C); resists gasoline, oil and grease

Size: 3 oz

# Gasket Maker

## **PART # 285-102** **AVIATION FORM-A-GASKET #3 SEALANT LIQUID**

Form-A-Gasket® No. 3 Sealant Liquid is a Slow-drying, non-hardening brush-top sealant.

Approved for use in aviation as well as automotive applications.

Temperature range -65°F to 400°F (-54°C to 204°C); resists gasoline, oil and grease.

### **Automobile**

*Suggested Applications:* Close-fitting machined surfaces, sealing hoses, solid gaskets

### **Marine**

*Suggested Applications:* Close-fitting machined surface

Size: 4 oz

## **PART # 285-100** **PERMAXEX HIGH-TACK GASKET SEALANT**

Permatex® High Tack™ Gasket Sealant is a Fast-drying all-purpose sealant dries to a highly tacky, non-brittle film.

A reliable general adhesive remains tacky indefinitely – can be applied in advance for convenience in assembly.

Remains effective at temperatures of -65°F to 500°F (-54°C to 260°C). Sensor-safe. Resists gasoline, oil, antifreeze, axle lube, kerosene, propane and butane.

### **Automobile**

*Suggested Applications:* Valve covers, fuel pumps, carburetors, manifold gaskets; Spray-A-Gasket® seals all felt, cork, metal, paper, and rubber.

Size: 4 oz

# Dielectric Grease

## DIELECTRIC GREASE

### PART # 289-150

#### Dielectric Grease

- Pressure can dispensing system reduces waste and provides precise finger-tip control.
- Insulates, lubricates and protects electrical systems and connections.
- Prevents corrosion on trailer plugs, lighting sockets and other electrical connections.
- Prevents fusing and tearing of spark plug boots.
- Keeps battery terminals corrosion free.
- Seals high energy ignition systems – prevents voltage leakage, arcing and corrosion.
- Preserves and lubricates O-Rings and seals.
- Waterproof and heat resistant to 400°F – suitable for use in all vehicle electrical applications.
- Meets the specifications of NSF51, FDA21, CRF175.300 and Military Spec MIL-S-8660C.
- Packaged ea. includes 3" extension nozzles.

## CRC TECHNICIAN DIELECTRIC GREASE

### DESCRIPTION

Best New Packaging in the performance category at the 2015 AAPEX/SEMA Show! Simply turn the dial on the Select-A-Bead™ actuator to select the best bead width for your project. A unique, non-curing compound used for sealing, protecting & electrical insulating. Improves electrical performance by reducing arcing & voltage drop. Also ideal for lubricating plastic & rubber. Improves electrical performance in adverse weather conditions. Patented finger-actuated delivery system for smooth, continuous coverage.

### APPLICATIONS

Applications Electrical connections, circuit breakers, contacts, spark plug boots, trailer connectors, HEI distributor, battery terminals, contacts, lubrication of plastic, rubber parts & o-rings

Part #	Item	Qt
289-140	3.3 oz	Ea

## DIELECTRIC GREASE

### Sil-Glyde® Lubricating Compound

- A longer-lasting, high film strength protective lubricant for all surfaces, including: rubber, metal, wood, glass, and plastic.
- 
- Won't melt, freeze, gum, or run off.
- Performs from -20 deg F to +400 deg F.
- 
- Grease consistency stays put and won't drip off like silicone oils.
- Harmless to rubber and car finishes.
- Suggested applications: Trunk seals, rubber bumpers, speedometer cables, brake parts, window channels, hood strips and pads, rubber gaskets, and belts.

Part #	Item	Qt
289-160	4 oz	Ea

# Dielectric Grease

## DIELECTRIC GREASE

### **SG-ONE™ Silicone Grease**

- 100% pure polydimethylsiloxane silicone grease.
- Infused with additional PTFE to enhance lubrication and slip.
- Heavy grease to meet a variety of needs.
- Non-melting grease with temperature resistance up 400F (204C) and 500F intermittent. SG-ONE™
- Silicone Grease does not swell rubber like other petroleum based products making it an ideal lubricant for orings and lubricating other rubber parts.
- The silicone grease will aid in keeping the parts in place during assembly making for a smooth installation.
- SG-ONE™ Silicone Grease is used in many automotive and transportation applications.
- Silicone Grease is one of the best solutions for Brake Caliper rubber bushings, and caliper slides, and the outside of rubber brake lines to help prevent them from cracking.

Part #	Item	Qt
289-175	3 oz Tube	Ea

- Silicone Grease is also very useful for lubricating chassis bushings and other rubber automotive components.
- Very useful in automotive ignition systems and many mechanics will apply a thin film of silicone grease to spark plug boots to help seal out moisture for optimum performance.
- Waterproof electrical components such as plug together electrical connections, trailer light harnesses and battery terminal protection.
- Useful for treating weather stripping and helps to prevent doors from freezing together in winter Electrician's use
- Excellent dielectric properties and operates over a wide temperature range. SG-ONE is excellent for waterproofing plug together connections and for coating light bulb bases.
- Fully complies with all RoHS requirements so you can use it with confidence.
- Industrial applications include all the ones listed above plus any application which requires a high degree of water resistance and slip, wide range of temperature tolerances such as oven or furnace doors and hinges, electrical components, vacuum equipment and Fork lift truck electrical connections.
- Features a very broad resistance to most Industrial chemicals and is highly resistant to alkali and caustic chemicals.
- Marine applications are an obvious choice for SG-ONE™ because of its waterproofing qualities, UV resistance, ozone and oxygen resistance.
- Food Grade Lubricant and is Registered with NSF as is Classified as an H-1 for Incidental food contact application. This high purity also makes it FDA and USDA compliant.

# Engine Fluids

## Part # 252-185

### DOT-3 BRAKE FLUID

#### •Features

- Premium DOT 3 Brake Fluid has a minimum boiling point of 450 degrees Fahrenheit.
- Meets and exceeds DOT 3 and all other Federal and SAE specifications and standards for motor vehicle brake fluids.
- Mixes with all DOT 3 approved brake fluids. Designed for use in disc, drum and ABS brake systems

HARMFUL OR FATAL IF SWALLOWED

Size 32 oz

## PART # 252-190

### SEA FOAM

#### •Product Description

•Sea Foam Motor Treatment is a 100 percent pure petroleum product that safely and effectively cleans internal fuel and oil system components, helping your gasoline or diesel engine run cleaner and more efficiently. Sea Foam is an EPA-registered product, and will not harm engine components, seals, gaskets, catalytic converters or oxygen sensors. Liquefies gum and varnish deposits or internal engine contaminants, removing carbon deposits, freeing sticky valve lifters and rings, improving idle quality, pinging and hesitation problems. By using Sea Foam to eliminate varnish and carbon buildup, mechanics can more accurately diagnose mechanical problems that may exist. Sea Foam will clean carburetors, fuel injectors, clean carbon, gum and varnish deposits, adds lubricity to fuel, stabilize fuel for 2 years and control moisture. As an oil system additive, Sea Foam controls moisture, gum, varnish and residue deposits.

# Grease

## MYSTIC JT6 RED GREASE

### PART # 252-540

#### Lucas Red "N" Tacky Grease:

Smooth, tacky, red lithium complex grease fortified with rust and oxidation inhibitors.

It has good water resistance and washout properties.

It has excellent mechanical stability and storage life.

It is able to withstand heavy loads for extended periods of time.

It can be used in many agricultural, automotive and industrial applications.

Lucas Red "N" Tacky Grease is fortified with a high degree of extreme pressure additives that give it a TRUE Timken load much higher than other greases of this type. Its especially good for sliding surfaces and open gears.

HARMFUL OR FATAL IF SWALLOWED

# Retaining Compound Gel Formula

## PART # 270-020

### **42 BLUE MEDIUM STRENGTH THREADLOCKER**

**Medium strength formula** provides **60 ft. lbs. locking force** on a 3/8-16 oily fastener.

**NON-RUNNING GEL** - Eliminates runs, drips and waste - stays in place and eliminates cleanup.

**NO-MESS GEL-PUMP DISPENSER** - Unsurpassed ease of use and exceptional application control.

**FAST & EASY** - Just press the pump button to dispense a perfect bead. Fast, easy, reliable, and economical.

**VERSATILE** - Ideal for threaded and press-fit assemblies - adds up to 3000 P.S.I. shear strength for superior hold.

**WIDE TEMPERATURE RANGE:** -65°F to 300°F.

**HIGH STRENGTH FORMULA** - Locks threaded fasteners permanently. Ideal for all fasteners up to 1-1/2" in diameter where vibration and shock is encountered. May require heat to disassemble.

Size: 1.69 oz

Applications include cylinder block studs, ring gear bolts, truck transmission nuts, vibrating equipment fasteners, frame bolts, shock bolts, plow blade bolts, automotive suspension belts.

## PART # 270-022

### **62 RED HIGH STRENGTH THREADLOCKER**

**High strength formula** provides **160 ft. lbs. locking force** on a 3/8-16 oily fastener.

**NON-RUNNING GEL** - Eliminates runs, drips and waste - stays in place and eliminates cleanup.

**NO-MESS GEL-PUMP DISPENSER** - Unsurpassed ease of use and exceptional application control.

**FAST & EASY** - Just press the pump button to dispense a perfect bead. Fast, easy, reliable, and economical.

**VERSATILE** - Ideal for threaded and press-fit assemblies – adds up to 3000 P.S.I. shear strength for superior hold.

**WIDE TEMPERATURE RANGE:** -65°F to 300°F.

**HIGH STRENGTH FORMULA** - Locks threaded fasteners permanently. Ideal for all fasteners up to 1-1/2" in diameter where vibration and shock is encountered. May require heat to disassemble.

Size: 1.69 oz

Applications include cylinder block studs, ring gear bolts, truck transmission nuts, vibrating equipment fasteners, frame bolts, shock bolts, plow blade bolts, automotive suspension belts.

# Retaining Compounds

**PART # 270-010 9 gram      PART # 270-030 50 ml**

## **42 BLUE MEDIUM STRENGTH THREADLOCKER**

**Medium strength formula provides 60 ft. lbs. locking force** on a 3/8-16 oily fastener.  
Ideal for threaded fasteners from 1/4" to 3/4" diameters.  
Eliminates the need for lock nuts and lock washers.  
Turns ordinary fasteners into vibration and shock-proof assemblies.  
Seals threads to prevent corrosion damage.  
Temperature range: -65°F to 300°F.  
Removable with regular hand tools.  
Applications include bolts on: valve covers, water pumps, oil pans, drive shafts, gear boxes, conveyor rollers and carburetor studs.

**270-010**  
Size: gram

**High strength formula provides 160 ft. lbs. locking force** on a 3/8-16 oily fastener.  
For locking all fasteners up thru 1" diameter where severe vibration and shock is encountered.  
Also provides a tamperproof seal where a difficult removal is desired.  
Ideal for threaded and press fit assemblies - adds up to 3000 P.S.I. shear strength for superior hold.  
Temperature range: -65°F to 300°F.  
Applications include: cylinder block studs, ring gear bolts, truck transmission nuts, vibrating equipment fasteners, frame bolts, shock bolts, plow blade bolts, automotive suspension bolts .

Size: 1.69 oz

# Retaining Compounds

## PART # 270-036

### RETAINING COMPOUND

**AST-Lock™ 09RC - General Purpose, Low Viscosity** is designed for augmenting the strength of press-fitted assemblies and can be used on slip-fitted parts with a diametrical clearance of up to .005". Should be used on new and replacement parts.

**Anaerobic** cure within metal connections, in the absence of oxygen, and at ambient temperatures. Fill all surface imperfections and set to a tough, durable seal across the entire surface while distributing the stress load and reducing fastener fatigue. Vibration loosening is prevented and the connection is sealed and protected against corrosion.

Provide a solution for every practical industrial application. Retain bearings and housings and reduce maintenance for pneumatic/hydraulic equipment.

Anaerobics are single-component, fast-curing, and solvent-free. Eliminates the need for other mechanical locking devices. Hardening only within the joint, anaerobics do not block or contaminate the system; excess resin outside remains in liquid state and is removed easily. Improve products quality and reliability.

Size: 50 ml

## PART # 270-050

### HYDRAULIC THREAD-LOCKER PURPLE

**AST-SEAL™ PH** is designed to resist all hydraulic fluids and seal Pneumatic/Hydraulic systems and is a thicker, non-running version of AST-SEAL™ HYD for overhead or inside machinery applications. Not for oxygen use.

#### **Features and Benefits:**

Non-shredding, non-contaminating  
Made for high-pressure fluid power systems  
Easy to apply, non-destructive disassembly

**Temperature Range:** -60°F to 350°F (-51°C to 176°C)

**Applications:** For use on refrigeration, hydraulic and pneumatic systems.

Size: 50 ml

# Pipe Sealants

**PART # 281-000**

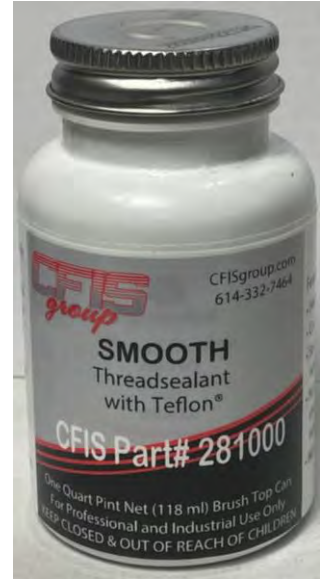

**1/4 pt**

**PART # 281-004**

**1 pt**

## **HIGH PERFORMANCE TEFLON SEALANT WITH PTFE**

High performance formula contains pure PTFE.  
Unique high density PTFE particles fill thread imperfections and insure a positive seal with less effort.  
Thick paste formula is easy to apply - will not run like other sealants.  
Withstands pressures up to 5,000 P.S.I.  
Resists temperatures from -40° to 300°F.  
Seals instantly - provides leak proof joints for the life of the connection.  
Lubricates threads to prevent galling and seizing; seals threads to prevent corrosion.  
Use with all types of pipe and threaded connections.  
Exceptional service in water, steam, LP gas and natural gas, refrigerants, solvents, caustics, dilute acids, oil and diesel fuel applications.

**281-000**

**Size: 1/4 pt**

- 1) Economical general-purpose fitting sealant
- 2) Outperforms tapes and pipe dopes
- 3) Seals and resists pressure in air, oil, diesel fuel and hydraulic systems
- 4) Remains pliable at higher and lower temperatures
- 5) Temperature Range: -65°F to 300°F (-54°C to 149°C)

# Pipe Sealants

## PART # 281-006

### **AST-SEAL ANAEROTIC PIPE THREAD SEALANT**

**AST-SEAL™ Std (Standard Grade)** is a general-purpose pipe sealant providing an instant permanent seal that cures in the absence of air to lock threads securely.

Withstands temperatures from -65° to 300°F (-54° to 149°C) continuous, 375°F (191°C) intermittent. Not for oxygen use.

**Pressure Range:** Seals to 1000 psi immediately after application and up to the burst rating of a typical pipe after curing. Will not clog small openings typically found in hydraulic systems.

#### **Features and Benefits:**

- Superior to other anaerobic sealants
- Prevents vibration loosening
- Does not clog filters, valves, or gauges
- Seals pipes including 3" and larger
- Lubricates and prevents corrosion, seizing, and galling
- Low-locking strength provides for disassembly
- Easy adjustment up to 16 hours after assembly
- Not volatile or flammable

**Applications:** Most metal threads, particularly steel and brass, ideal for fittings, pipes, valves, gauges, and connections in hydraulic, pneumatic, lubrication, steam, and refrigerant systems. Inert to most industrial hazards and hydrocarbons (gasoline, diesel fuel, ethanol, etc.), most acids, chemicals, solvents, and gases.

Size: 1.69 oz  
(50 ml)

# Pipe Sealants

## PART # 281-012

### **AST-SEAL HEAVY DUTY PIPE THREAD SEALANT WITH PTFE**

**AST-SEAL™HD (Heavy Duty) stainless steel grade** is formulated for stainless steel alloy fittings to cure more quickly than standard grade anaerobic.

Withstands temperatures from -65° to 400°F (-54° to 204°C) continuous, 500°F (260°C) intermittent. UL Classified. Not for oxygen use.

**Pressure Range:** Seals to 1,000 psi immediately after application and up to the burst rating of a typical pipe after curing. Will not clog small openings typically found in hydraulic systems.

#### **Features and Benefits:**

- Superior to other anaerobic sealants
- Prevents vibration loosening
- Does not clog filters, valves, or gauges
- Seals pipes including 3" and larger
- Lubricates and prevents corrosion, seizing, and galling
- Low-locking strength provides for disassembly
- Easy adjustment up to 16 hours after assembly
- Not volatile or flammable
- DEF (Diesel Exhaust Fuel) Compatible

**Applications:** Most metal threads, particularly steel and brass, ideal for fittings, pipes, valves, gauges, and connections in hydraulic, pneumatic, lubrication, steam, and refrigerant systems. Inert to most industrial hazards and hydrocarbons (gasoline, diesel fuel, ethanol, etc.), most acids, chemicals, solvents, and gases.

Size: 1.69 oz  
(50 ml)

# Epoxy

## PART # 285-525

### PERMATEX EPOXY MIXER CUPS

Convenient premeasured epoxy mixer cups contain resin and hardener in one convenient package.  
No guess, no mess, no waste.

Ideal for bonding glass, hard plastics, rubber and metal.  
Bonds in 5-15 minutes, useable in 30 minutes.

Grey adhesive has excellent chemical resistance.

Fills porosities and can be used to build up worn parts.

May be drilled, tapped, sanded, or machined and painted after cure.

Net wt 1.4 oz 10 x .14 oz 4g per canister

## PART # 285-505

### MASTER BLACK WEATHER STRIP ADHESIVE

A professional, black weatherstrip adhesive  
Black color blends with automotive weatherstripping for less clean-up.

Allows for repositioning parts after contact is made.

Withstands extreme temperatures to 176 degrees F.  
Water resistant. Resistant to gasoline, kerosene, antifreeze and most solvents.

Size: 5 oz

# Adhesives

## PART # 285-570

### **CA-220 Instant MAXI-CURE Adhesive NON-RUN FORMULA CYANOACRYLATE**

Advanced technology instant adhesive formula bonds in applications where conventional instant adhesives fail.

Instant high strength bonding on surfaces contaminated with oil, grease, silicone, dirt, and other materials.

Surface insensitive formula bonds the widest range of materials: Metal, most plastic, vinyl, nylon, fabric, wood, rubber, cork, cardboard, leather and more.

Bonds close fitting surfaces in seconds.

Handling strength in 10 to 30 seconds.

Gel formula handling strength in 40-60 seconds allows time for re-positioning parts before adhesive cures.

Continuous performance from -40° to 180° F.

Resists most chemicals.

**Applications:** Electronic equipment including PC boards, connectors, and transformers. Plastic cases, rubber fabrication and gaskets, appliances, and office equipment.

Size: 20 g

## PART # 285-565

Size: 1 oz

## PART # 285-560 **GEL FORMULA SUPER GLUE**

This no drip gel formula “stays put” for precise application on hard-to-reach, overhead, or vertical surfaces. This permanent, transparent bond is easily applied and works on both porous and nonporous materials including metal, rubber, glass, aluminum, vinyl, ceramics, alloys, and plastics. Fills gaps to .004”

Size: 2 g

# Epoxy

## PART # 285-550

### J-B QUICK WELD 2-PART ADHESIVE

2 Part Adhesive, Repair Cylinder Sleeves, Crankshaft Pulleys, Press Fit Bearings, Gas Tanks, Studs, Sets in 6 Minutes Allow 4 to 6 Hours to full cure

Size: 2 oz

## PART # 285-105

### EPOXY PUTTY STICK with STEEL

Rebuilds Small Engine Parts, Seals Leaks, Fills Cracks, Repairs Stripped Threads, Rust Proof.

Adheres to Stainless, Aluminum, Iron, Copper, Brass, Bronze. Sets in 3-5 min / Cures in 1 hour

2 oz

## PART # 285-610

Car / Truck

## PART # 285-615

Bike / Motorcycle

### SLIME TIRE SEALANT

Slime Tire Sealant is formulated and tested for use in all pneumatic tires. Once installed, Slime remains liquid and will not harden or dry out. Slime is guaranteed for 2 years.

Size: 16 oz

# Cleaners

## PART # 299-360

### CRYSTAL BLUE CONCETRATED LAUNDRY SOAP

- High-powered grease releasing formula. Effective on tough, greasy industrial and institutional stains. Controlled suds for easy rinsing. Contains optical brighteners.
- Controlled suds to allow proper washing and thorough rinsing.
- Use in hot, warm, or cold water.

#### **Directions**

Use only 1/2 cup in top load automatics. Use only 1/2 cup in front load automatics. Use only 1 cup in wringer washers.

Used in 1/2 cup ratio, one 25-pound box will do 100 loads.

Size: 25 lb

## PART # 299-410

### WHITE C-FOLD PAPER TOWELS

#### **•About this item**

- CONTAINS 2000 multifold towels per case, 16 packs of 125 towels per pack
- EACH towel measures 9.2"W x 9.4"L with a 3.25" folded width
- PREMIUM multifold paper towel perfect for Class A office buildings, healthcare and other businesses that want to impress guests, tenants and customers

•UNIQUE emboss enhances appearance and hand-feel

•STRONG 2-Ply design provides softness, strength and absorption for pleasant, thorough hand-drying and other tasks

•STACKABLE for use in an open tray, on the counter or loaded in a wall-mounted dispenser

### TOILET PAPER

#### **100% Recycled Fiber Content**

Scott® 2-ply Standard Roll Bathroom Tissue is the ideal balance of strength, absorbency and economy. This tissue meets EPA standards with a minimum of 20% post consumer waste. 4.1" x 4.0" size roll. 2-ply softness. individually wrapped rolls per carton.

550 sheet per roll 80 rl case ea

## PART # 299-376 TOILET PAPER

- Accommodates universal jumbo bath tissue.
- Easy loading saves costly maintenance expense
- All plastic construction improves styling,
- provides easy to clean surface of dispensers
  
- Eliminates stub roll waste

BLACK TT DISPENSER,

## PART # 299-378 TOILET PAPER

BLACK JTT DISPENSER,

- Universal 9" Twin Jumbo Bath Tissue Dispensers, Black, 4/Case
- Sliding panel ensures the use of one roll at a time
- Easy loading saves costly maintenance expense
- All plastic construction improves styling, provides easy to clean surface
- Translucent cover makes it easy to detect low paper levels
- Eliminates stub roll waste
- ADA compliant

# Paper Products

## PART # 299-380

### TOILET PAPER

#### ***100% Recycled Fiber Content***

Each roll has a 9" diameter with 2-ply tissue, is 1000 feet in length, has a 3.5" width, and can be ripped off at any given length. Every case comes with 12 full jumbo rolls. A jumbo roll has about 5 times as much toilet paper as a standard bathroom roll. This eliminates maintenance by requiring fewer change outs, saving your business time and money!

1000' FT rl 12 rl/case

## PART # 299-420

### BROWN ROLLED TOWELS

Natural Roll Towel, 2-inch core, yields better absorbency and hand drying efficiency. This results in reduced consumption. Good strength reduces "wet-tabs" and washroom litter. Excellent dispensing strength and performance. Reduce labor costs associated with refilling dispensers. Better performance results in high customer satisfaction.

Sold By the rl or by the case

## PART # 299-439

### HIGH QUALITY WHITE ROLLED TOWELS

- Kleenex® paper towel rolls give soft feel with the premium performance of commercial paper towels
- Absorbency Pockets absorb lots of water fast for superior hand drying performance, so guests use fewer paper towels sheet size 12.5" x 16.8"
- 6 roll case size for easy storage (1 roll = 600 feet,)

Sold By the rl or by the case

# Paper Products

**PART # 299-414**

## **BLUE MULTI-PURPOSE TOWEL**

Sold By the roll or by the case

- 55 Blue Towels/Standard Roll, 12 Rolls/Case; 660 Towels/Case
- These multi-purpose shop towels are designed for cleaning up grease, liquids, oils and spills in automotive repair shops and garages
- These shop towels are ultra-strong, durable and work well even when they're wet
- Using disposable shop towels (as an alternative to laundered cloth towels) better protects you from lead exposure; Use them for changing oil, refilling fluids and general automotive maintenance
- The portable standard roll format fits on standard paper towel dispensers and comes perforated, so you can always get what you need

# Paper Products

## PART # 299-442

### **CENTER-PULL TOWEL DISPENSER**

- DEPENDABLE centerpull design dispenses one at a time, every time, which helps reduce waste
- SIMPLE, stylish, easy to load and maintain commercial paper towel dispenser
- HYGENIC because only the end of the next towel is exposed which minimizes the risk of cross contamination

- EFFICIENT because it holds up to 560 large centerpull towels which reduces the chance of run-out and time spent refilling the dispenser
- COMPATIBLE with SofPull® Centerpull High Capacity Paper Towel 28143

## PART # 299-440

### **CENTER-PULL TOWEL**

2-Ply Light Duty Center-Pull Towels,  
An economical and highly effective choice for your hand drying needs, Center-Pull Towels have Absorbency Pockets that absorb lots of water fast, for superior hand drying and are folded for one-handed dispensing.

- Highly absorbent, so you'll use less and waste less, small cases for easy storage and handling, hygienic center-pull towel minimizes streaming to reduce waste.
- 600 sheets per roll 6 fl per case

Sold By the roll or by the case

# Paper Products

## PART # 299-426

### **X80 JUMBO ROLLED TOWELS**

Natural Roll Towel, 2-inch core, yields better absorbency and hand drying efficiency. This results in reduced consumption. Good strength reduces "wet-tabs" and washroom litter. Excellent dispensing strength and performance. Reduce labor costs associated with refilling dispensers. Better performance results in high customer satisfaction.

Sheet Size 12" x 13" 475 Sheets per roll

## PART # 299-428

### **X50 JUMBO ROLLED TOWEL**

- Perforated, Economical jumbo roll
- Strong enough for dry or wet light duty tasks
- Ideal for manufacturing facilities
- healthcare and transportation locations
- For use with Kimberly Clark dispenser KCC 80596 (sold separately)
- 9 4/5" x 13 2/5" Size 1,100 Sheets per roll

## PART # 299-500

### T-SHIRT MATERIAL BAGS OF RAGS

- Reclaimed Colored T-Shirt rags are great for mechanics, manufacturing, oil and grease, or service companies looking for economical wiping choices. These rags have excellent absorbency for light to medium duty usage and used as shop rags, bar rags, mechanic rags and more.
- Reclaimed Material
- Color: Various Colors
- **Shop Rags 10 lb bag**

# CFIS Citrus 90%

**PART # 301-064**

**Quart**

**PART # 301-062**

**Gallon**

**ORANGE 90, Natural citrus water-based degreaser, all natural solvent degreaser with d-limonene. Cleans grease and heavy oil deposits as it deodorizes.**

## **Suggested Uses:**

- **Tar Removal**
- **Heavy Duty Soils**
- **Engine Degreasing**
- **Deodorizes**
- **Declogger**

Straight, water-rinsable, natural solvent degreaser with D-limonene for extremely heavy duty degreasing and cleaning of engines, machinery tools, grills, all metals and concrete. Blend of 90% D-limonene and 10% detergent surfactants, Citrus 90 is 100% active. Quickly cuts through grease, oil, dirt, cosmoline, tar, rubber burns, carbon creosote, many inks and adhesives. All natural ingredients reduce costly haulaway. No petroleum distillates. No butyl. Biodegradable. Phosphate free.

# CFIS Aluminum Cleaner

**PART # 301-252**  
**Gallon**

**PART # 301-254**  
**5-Gallon**

## **CFIS-A-LUME, PREMIUM ALUMINUM CLEANER & BRIGHTENER.**

### **Features**

- **Formulated to Brighten Oxidized Aluminum**
- **Removes Heavy Soils**
- **Cleans With Out Brushing**
- **Removes Diesel Smoke**
- **Non-Streaking Formula**

Concentrated aluminum cleaner & brightener that is specifically designed for aluminum trailers. This versatile formula can also be used to clean and brighten tanks and aluminum siding. Wetting agents and emulsifiers help cut through grease, dirt, and oil. NOTE: DO NOT use on highly polished metal surfaces including polished aluminum as irreversible damage or dulling may occur.

# CFIS SF77 Cleaner

**PART # 301-280**  
Gallon

**PART # 301-285**  
5 Gallon

## **CFIS SF77 EXTREME DEGREASER**

### **Features:**

- **Strongest Degreaser On The Market**
- **Fast-Acting on Grease and Heavy-Duty Soils**
- **Exceptional Engine Degreaser**
- **Biodegradable Cleaner & Degreaser**
- **Non-Flammable**
- **Contains a pleasant fragrance**

CFIS Extreme Degreaser is a concentrated heavy-duty biodegradable cleaner and degreaser. Works great in an auto scrubber or mop and bucket applications on concrete floors. Works great as a white wall tire cleaner and as an engine degreaser. This concentrated formula can be diluted by up to 80 parts water depending on application.

# CFIS Purple Clean

**PART # 301-411**  
32 OZ

**PART # 301-412**  
1 Gallon

**PART # 301-415**  
2.5 Gallon

## **CFIS PURPLE POWER XTREEM DEGREASER,**

### **Features:**

- **Floor Cleaner**
- **Steam Cleaning**
- **Non-Flammable and Non-Corrosive**
- **Multi-Purpose Cleaner**
- **May be dilute up to 10 parts water**

Power away dirt and grease on contact. Rely on Purple Power for the toughest cleaning jobs. Purple Power Industrial Strength Cleaner/Degreaser works great on a wide variety of surfaces in auto, farm, marine, home and industrial applications. The concentrated formula penetrates quickly and then creates a barrier between the stain and the surface being cleaned. Biodegradable, non-abrasive, non-flammable, and phosphate-free. Directions: Test an out-of-site area to determine surface acceptance and colorfastness to avoid damaging surfaces, especially on aluminum, painted surfaces and fabrics. Wear rubber gloves, protect eyes and skin from direct contact. Use with adequate ventilation. Cover surface with Purple Power, allowing time to dissolve dirt and grease. Do not allow drying on surface being cleaned. Rinse with water. Do not use on exterior car surfaces, glass, painted surfaces, or wheel rims.

# CFIS Heavy Duty Truck and Bus Wash

**PART # 301-316**

**Gallon**

**PART # 301-318**

**5 Gallon**

## **CFIS HEAVY DUTY TRUCK AND BUS WASH**

### **Features:**

- **Biodegradable detergents rinse completely**
- **Removes Heavy Duty Soils**
- **Can be diluted up to 25 parts water**
- **Used in hot or cold water**
- **No Phosphates**

CFIS Heavy Duty Truck and Bus Wash is a biodegradable truck and vehicle wash formulated to remove exhaust deposits, road film and bugs from painted and unpainted surfaces in one application with minimal brushing. For best results apply with high pressure and hot water. Rinse with high pressure. This versatile cleaner could be used to clean and degreaser garage floors as well.

# CFIS Heavy Duty Truck and Bus Wash / Wax

**PART # 301-294**

**5 Gallon**

## **CFIS DYNAMITE HEAVY DUTY TRUCK AND BUS WASH**

### **Features:**

- Extremely versatile, Can be used as both a high-pressure detergent and a low-pressure pre-soak in a wide variety of wash systems
- Cleans thought. Removes exhaust deposits, road film and bug residues, in most cases with out the need for manual brushing
- Economical. Can be diluted with 40 parts water for heavy-duty cleaning
- Rinses completely leaving a film free surface.
- Contains no phosphates, caustics, acids, or solvents

CFIS Dynamite Heavy Duty Truck and Bus Wash is a highly concentrated liquid truck and trailer wash formulated to remove heavy soils from painted vehicle surfaces in one application. Formulated with a perfectly balanced blend of alkaline builders, detergents, water softeners, and wetting agents

# CFIS Heavy Duty Truck and Bus Wash

**PART # 301-296**  
Gallon

**PART # 301-297**  
5 Gallon

## **CFIS EXTRA HEAVY DUTY TRUCK AND BOAT SOAP**

### Features:

- Premium wash and gloss-enhancer for trucks, trailers, boats, watercrafts and more
- Easily washes away heaviest road and marine contamination, leaves behind a natural shine
- A very effective boat soap that strips away dirt and grime
- Performs two task at once, saving you time and money while stretching the time between full polishing or waxing of your truck or boat
- Put 1 fluid oz into a 5-gal pail, add water quickly until foam reaches the top
- Do not let solution dry on the surface, rinse completely
- Economical. Can be diluted with 40 parts water for heavy-duty cleaning

CFIS Heavy Duty Truck, Boat, Trailer and Bus Wash is a biodegradable truck, vehicle and boat wash formulated to remove heavy exhaust deposits, road film and bugs from painted and unpainted surfaces in one application with minimal brushing. For best results apply with high pressure and hot water. Rinse with high pressure. This product also has wax for a long-lasting shine and protection.

## MICROFIBER TOWELS

### PART # 251-860

#### •PREMIUM MICROFIBER TOWELS

•PREMIUM MICROFIBER TOWELS - Towels are fluffy and soft; perfect for final-touch wiping because they are lint and scratch free; Microfiber is the industry-standard cloth for detailing because it is super-soft, absorbent, and will not scratch paint when used properly

•VERSATILE DETAILING TOWEL - Although the fluffy and soft texture of the Premium Microfiber Towel is perfect for final touch detailing, the dual-weave design makes the towel versatile enough for all applications.

•PREVENT SCRATCHES & SWIRLING - The Premium Microfiber Towel uses ultra-soft microfiber and exclusive silk-banded edges to help prevent any swirls or scratches on sensitive paintwork and automotive surfaces.

•TWO-SIDED PILE - Use the high pile side to soak up wash water, detail sprays, and waterless wash solutions; buff away dried wax, sealant, and polish with the short pile side without fear of scratching the surface.

•LUXURIOUS SILK EDGING - While cheap microfiber towels have hard nylon edges that scratch paint, Premium Microfiber Towels use soft silk edges to protect paint from damage with 100% of the towel's surface.

# Vehicle Prep

## CMX CERAMIC SPRAY COATING

**PART # 251-820**

### Product Description

Introducing Mothers CMX Ceramic Spray Coating, an affordable, user-friendly, professional grade, ultra-durable, super-hydrophobic protection formula. Just spray on and wipe off, with this game-changing SiO<sub>2</sub> (Silicon Dioxide) and TiO<sub>2</sub> (Titanium Dioxide) blend. This powerhouse combo provides ultra long-term protection from the elements and relentless water beading, without sacrificing true optical clarity, extreme depth and that signature ceramic glass-like liquid-gloss appearance. Use as a stand-alone product, or as a booster over your existing sealant or ceramic coating. Washing and caring for your vehicle has never been easier.

**Cures in 24 hours (do not get vehicle wet during curing period).**

Net Weight: 24 oz

## MEGUIAR'S LIQUID CERAMIC WAX

**PART # 251-830**

### Product Description

- CAR WAX:** One 16 oz bottle of Meguiar's Hybrid Ceramic Liquid Wax delivers the latest in protection without the need for complicated applications
- MORE THAN A WAX:** Car wax with SiO<sub>2</sub> hybrid technology delivers extreme water-beading action and long-lasting protection against the elements
- NO WAX RESIDUE:** Ceramic wax that's non-whitening on non-painted trim, chrome, plastic and rubber gaskets
- SIMPLE CAR CLEANING:** Meguiar's Hybrid Ceramic Wax applies like a traditional liquid wax for easy use
- TO USE:** After a car wash and thorough rinse, apply Meguiar's Hybrid Ceramic Liquid Wax, allow to cure, then wipe off with a microfiber towel
- APPLICATION METHODS:** Engineered for application by hand or by dual-action variable-speed polisher

Net Weight: 16 oz

# Vehicle Prep

## **BODY GLOSS FINAL FINISH AEROSOL WAX**

### **PART # 251-805**

#### **Product Description**

- ULTIMATE WAX SPRAY:** Upgrade your car wash kit and extend the life of your car wash soap with an easy finish ceramic coat that repels water and provides UV protection to your paint. Plus optical brighteners restore paint gloss and color for deep wet, show-winning shine. Safe on all car paint. (not recommended for matte finishes)
- USE CFIS:** Ultra extra-thick, double-sided microfiber towel with finished edges. Lint-free, streak-free, and scratch-free for all car paint. This towel gently glides across surfaces, spreading wax without leaving behind debris or damaging your expensive paint job.
- PREMIUM PROTECTION & SHINE:** Traditional wax paste can be messy and time-consuming to apply. With our wax spray and plush microfiber towel, you can easily spread durable wax onto the surface for even coverage every time.

Net Weight: 16 oz

Easy-to-use, high gloss detail spray cleaner and wax. Removes finger prints, smudges, and dust. Leaves a high gloss protective finish.

## **BODY GLOSS FINAL FINISH AEROSOL WAX**

### **PART # 251-800**

#### **Product Description**

- Gives a Wet-Look Showroom Shine
- Use on Chrome, Aluminum, Plastic, Rubber Trim & Woodwork  
Repels Water and Prevents Discoloration, Drying, and Cracking.  
Works Great on Interiors

An easy to use, high gloss detail spray cleaner and wax. Keeps showroom vehicles looking their best with a wet-look shine. Cleans and polishes all exterior painted surfaces, glass and metal. Great for chrome, aluminum, plastic, rubber trim and woodwork. Safe for all finishes - will not harm a previously applied protective coating.

#### **Directions for Use:**

Spray on surface and wipe with a microfiber towel. Turn towel over and buff for an amazing luster. For tight areas spray directly on microfiber towel and apply.

Can Size: 20 oz  
Net Weight: 13.75 oz Can

## ZENASHINE AEROSOL WAX

### PART # 251-815

#### Unscented Vinyl/Plastic Coating Detail Spray Wax

• Non-foaming, odorless coating which provides a water-resistant gloss shine. Brightens any vinyl or plastic surface. Great for those hard-to-reach places. Quick drying formula.

• No Wiping

- Works Instantly
- Clear and Odorless Formula
- Great for Hard to Reach Areas
- Matte Finish
- Greaseless and Streakless

Size: 12 oz

## TIRE CARE CLEANER / SHINE

### PART # 251-590

- Master Tire Care Foam cleans, shines, and protects your tires.
- One step – no wiping, no mess
- Satin finish
- Can be applied to wet or dry tires

Size: 16 oz

# Armor-All

## PART # 301-325

### ARMOR-ALL ORIGINAL PROTECTIVE WIPES

- Protects against UV damage to help prevent cracking, fading and discoloration of automotive interiors
- Enhances depth of color with a medium shine, leaving a non-greasy finish
- Renews and revitalizes vinyl, rubber and plastic
- Lint-free disposable wipes that won't leave a greasy residue on hands
- Trusted Armor All protection to keep your car looking like new

25 wipes per tub

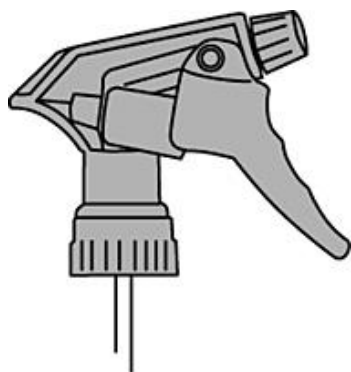

## PART # 301-326

### ARMOR-ALL ORIGINAL PROTECTIVE 16 OZ

- Protects against UV damage to help prevent cracking, fading and discoloration of automotive interiors
- Enhances depth of color with a medium shine, leaving a non-greasy finish
- Renews and revitalizes vinyl, rubber and plastic

## PART # 302-310

DEF Lever Barrel Pump. Fits all 5 to 55 gallon pails/drums with standard bung. Polypropylene construction with Viton Seals. Stainless steel rod. Delivers 9 oz per stroke. Use for DEF (urea), mild acids, alcohol, mild alkaline, anti-freeze, diesel, gas, machine oil, petroleum, thinners, windshield washer fluid.

## PART # 302-308

•TERA PUMP 2 Pumps Rugged Rotary Barrel Pump Fast Flow 10 Gal/Min Segmented Drum Pump, Easy Storage, Adjustable Height for Lubricating Oil, Hydraulic Fluid, Heating Oils and More

# Aerosols Paint

## MRO INDUSTRIAL ENAMEL

A superior industrial spray paint formulated for maintenance operations where maximum performance is required. This high solids paint does not run or sag. Gives twice the coverage of conventional spray paints. Can be applied to bare metal, but for maximum protection, use our MRO Red Iron Oxide Primer (620-1407) or Light Gray Primer (620-1431). Resists oil, gas, heat, and sunlight.

**Suggested Uses:**  
 Wood and metal  
 Home  
 Automotive  
 Industrial  
 Marine  
 Construction

## PBE SELF-ETCHING PRIMER / TRIM PAINTS

A durable, zinc enhanced coating that protects all metal surfaces. Electrochemical galvanic action keeps on protecting even if scratched. Dry film is 86% pigment which results in less smoke and electrode wear when welding, and cuts faster than 100% zinc rich coatings. Stops rust creepage.

### Suggested Uses:

Effective touch-up for all marred or scratched hot dip galvanized surfaces  
All vehicle bodies  
Agricultural, mining etc.

## STRIPE WATER BASED MARKING PAINT

A fast drying marking paint designed to be sprayed in an inverted position. Produces vivid marks, does not clog, and is safe for grass. Meets APWA color standards and is VOC compliant. May be sprayed by hand or with the Z-605 marking gun or Z-606 marking wand.

### Suggested Uses:

Utility marking;  
Golf courses  
Landscaping  
Construction sites  
Surveying  
Mining

## **TRUCK BED LINER**

This product is a thick, durable black sealant that forms a protective skin that is both tough and flexible. Protects against corrosion and abrasion, withstands impacts, provides improved traction, and resists water. With its fast cure time and excellent adhesion, Truck Bed Liner greatly extends equipment and vehicle life expectancy.

### •Suggested uses:

- truck beds, trailers, vehicle panels, wheel wells and repair existing liner coatings
- Thick and durable Black sealant that forms a protective skin that is both tough and flexible
- Protects against corrosion and abrasion, withstands impacts, provides improved traction, and resists water
- Fast cure time and excellent adhesion
- Greatly extends equipment and vehicle life expectancy

DANGER EXTREMELY FLAMMABLE
